Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Sir:

Listed on accompanying Forms PTO/SB/08A and PTO/SB/08B are documents that may be considered material to the examination of this application, in compliance with the duty of disclosure requirements of 37 C.F.R. §§ 1.56, 1.97 and 1.98.

Copies of documents **FP1-FP16** and **NPL1-NPL25** are submitted. However, in accordance with 37 C.F.R. § 1.98(a)(2), copies of U.S. patents and patent application publications, documents **US1-US22**, cited on the attached Form PTO/SB/08A are not submitted.

In accordance with 37 C.F.R. § 1.98(a)(3), Applicants' undersigned representative submits the following discussion of the relevance of the non-English language document **FP10** cited on Form PTO/SB/08A:

Document **FP10**, WO 93/01288 A1, is in a foreign language. The relevance of document **FP10** may be found in the English language abstract included on the face page of said document.

The Examiner's attention is directed to the following U.S. Patent Applications and PCT Patent Applications, which are directed to related technical subject matter:

U.S. Patent Application No. 09/758,140 inventor Strittmatter S.M., filed January 12, 2001; published as US 2002/0012965 A1, cited herein as document **US19**;

U.S. Patent Application No. 09/972,599, inventor Strittmatter S.M., filed October 6, 2001; published as US2002/0077295 A1, cited herein as document **US20**;

U.S. Patent Application No. 09/972,546, inventors Strittmatter *et al.*, filed October 6, 2001; published as US2003/0124704 A1, cited herein as document **US21**;

U.S. Patent Application No. 10/735,256, inventors Strittmatter *et al.*, filed December 12, 2003; published as US2005/0048520 A1, cited herein as document **US22**;

PCT Patent Application No. PCT/US01/01041, applicant Yale University, filed January 12, 2001, published as WO 01/51520 A2, cited herein as document **FP11**;

PCT Patent Application No. PCT/US01/31488, applicants Yale University and Biogen, Inc., filed October 06, 2001, published as WO 02/29059 A2, cited herein as document **FP12**;

PCT Patent Application No. PCT/US02/32007, applicant Yale University, filed October 04, 2002, published as WO 03/031462 A2, cited herein as document **FP13**;

PCT Patent Application No. PCT/US2003/025004, applicant Yale University and Biogen, Inc., filed August 07, 2003, published as WO 04/014311 A2, cited herein as document **FP14**;

PCT Patent Application No. PCT/US2004/011728, applicants and inventors Strittmatter *et al.*, filed April 16, 2004, published as WO 04/093893 A2, cited herein as document **FP15**; and

PCT Patent Application No. PCT/US04/002702, applicants and inventors Lee *et al.*, filed January 30, 2004, published as WO 05/016955 A2, cited herein as document **FP16**.

Where the publication date of a listed document does not provide a month of publication, the year of publication of the listed document is sufficiently earlier than the effective U.S. filing date and any foreign priority date so that the month of publication is not in issue. Applicants have listed publication dates on the attached IDS Forms based on information presently available to the undersigned. However, the listed publication dates should not be construed as an admission that the information was actually published on the date indicated.

Applicants reserve the right to establish the patentability of the claimed invention over any of the information provided herewith, and/or to prove that this information may not be prior art, and/or to prove that this information may not be enabling for the teachings purportedly offered.

This statement should not be construed as a representation that a search has been made, or that information more material to the examination of the present patent application does not exist. The Examiner is specifically requested not to rely solely on the material submitted herewith.

This Information Disclosure Statement is being filed within three months of the date of filing. No statement or fee is required.

It is respectfully requested that the Examiner initial and return copies of the enclosed IDS Forms, and indicate in the official file wrapper of this patent application that the documents have been considered.

The U.S. Patent and Trademark Office is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Respectfully submitted,

Sir:

Listed on accompanying Forms PTO/SB/08A and PTO/SB/08B are documents that may be considered material to the examination of this application, in compliance with the duty of disclosure requirements of 37 C.F.R. §§ 1.56, 1.97 and 1.98. The numbering on this First Supplemental Information Disclosure Statement is a continuation of the numbering in Applicants' Information Disclosure Statement filed herewith in connection with the above-captioned application.

Copies of documents **NPL26-NPL36** are submitted. However, in accordance with 37 C.F.R. § 1.98(a)(2), copies of U.S. patents and patent application publications, documents **US23-US28**, cited on the attached Form PTO/SB/08A are not submitted.

The Examiner's attention is directed to the following U.S. Patent Application, which is directed to related technical subject matter:

U.S. Patent Application No. 11/055,163, inventors Lee *et al.*, filed February 10, 2005; published as US2005/0271655 A1, cited herein as document **US28**;

Where the publication date of a listed document does not provide a month of publication, the year of publication of the listed document is sufficiently earlier than the effective U.S. filing date and any foreign priority date so that the month of publication is not in issue. Applicants have listed publication dates on the attached IDS Forms based on information presently available to the undersigned. However, the listed publication dates should not be construed as an admission that the information was actually published on the date indicated.

Applicants reserve the right to establish the patentability of the claimed invention over any of the information provided herewith, and/or to prove that this information may not be prior art, and/or to prove that this information may not be enabling for the teachings purportedly offered.

This statement should not be construed as a representation that a search has been made, or that information more material to the examination of the present patent application does not exist. The Examiner is specifically requested not to rely solely on the material submitted herewith.

This Information Disclosure Statement is being filed within three months of the date of filing. No statement or fee is required.

It is respectfully requested that the Examiner initial and return copies of the enclosed IDS Forms, and indicate in the official file wrapper of this patent application that the documents have been considered.

The U.S. Patent and Trademark Office is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Sir:

Listed on accompanying Forms, PTO/SB/08A and PTO/SB/08B, are documents that may be considered material to the examination of this application, in compliance with the duty of disclosure requirements of 37 C.F.R. §§ 1.56, 1.97 and 1.98. The numbering on this Second Supplemental Information Disclosure Statement is a continuation of the numbering in Applicants' First Supplemental Information Disclosure Statement filed on July 14, 2006 in connection with the above-captioned application.

Copies of documents **NPL37** to **NPL39** are provided. However, in accordance with 37 C.F.R. § 1.98(a)(2), copies of U.S. patents and patent application publications, documents **US29-US32**, cited on the attached Form PTO/SB/08A are not submitted. In addition, copies of documents **NPL40** and **NPL41**, cited on the attached Form PTO/SB/08B are not provided in accordance with the U.S. Patent and Trademark Office

OG notice of October 19, 2004, which states: "the requirement in 37 C.F.R. § 1.98(a)(2)(iii) for a legible copy of the specification, including the claims, and drawings of each cited pending U.S. patent application (or portion of the application which caused it to be listed) is sua sponte waived where the cited pending application is stored in the USPTO's IFW system."

The Examiner's attention is directed to the following U.S. Patent Applications, which are directed to related technical subject matter:

U.S. Patent Application No. 10/567,381 inventors Lee *et al.*, cited herein as document **NPL40**, which is the U.S. national stage application of International Appl. No. PCT/US2004/002702, filed January 30, 2004, published as WO 05/016955 A2, cited as document **FP16** on the Information Disclosure Statement filed herewith.

U.S. Patent Application No. 11/055,163 inventors Lee *et al.*, filed February 10, 2005, cited herein as document **NPL41**, and published as U.S. Publ. No. 2005/0271655, cited herein as document **US32**.

Where the publication date of a listed document does not provide a month of publication, the year of publication of the listed document is sufficiently earlier than the effective U.S. filing date and any foreign priority date so that the month of publication is not in issue. Applicants have listed publication dates on the attached IDS Forms based on information presently available to the undersigned. However, the listed publication

dates should not be construed as an admission that the information was actually published on the date indicated.

Applicants reserve the right to establish the patentability of the claimed invention over any of the information provided herewith, and/or to prove that this information may not be prior art, and/or to prove that this information may not be enabling for the teachings purportedly offered.

This statement should not be construed as a representation that a search has been made, or that information more material to the examination of the present patent application does not exist. The Examiner is specifically requested not to rely solely on the material submitted herewith.

This Information Disclosure Statement is being filed within three months of the date of filing. No statement or fee is required.

It is respectfully requested that the Examiner initial and return copies of the enclosed IDS Forms, and indicate in the official file wrapper of this patent application that the documents have been considered.
